

### 30mm On-Metal ABS Disc NTAG213

A useful 30mm ABS disc tag for indoor location and asset tagging. Tag comes supplied with 3M backing adhesive for quick attachment but has a 5mm central hole for screw fixing as required.

These tags can be used on both metal and non-metal surfaces due to the addition of a ferrite backing material. Contains the popular NTAG213 chip for reliability and strong scan distances.

#### Construction

\*not to scale  
dimensions in mm

#### Overview

Category  
NFC Disc Tags

Chip Type  
NXP NTAG213

Seritag Real ScanStrength  
41-50mm/ 26-30mm on metal
