

SERITAG

Custom Print Hang Tags

This is a classic shape NFC 'hang tag'. The ST806 product is a PVC plate tag with both sides full colour print and epoxy dome finish. Typically supplied with an elastic strap for quick and easy attachment to keychains, bags, shoes and more. Available with NXP's NTAG213, NTAG215 or NTAG424 chips. 28mm or 30mm size. Each side can have it's own unique print and can have unique or static QR Codes and/or ID numbers.

A very popular product - great for marketing, contact sharing or just an alternative to the usual keyfobs designs.
